## Product Specification undecanedioic acid CAS No. : 1852-04-6

<b>Chemical name :</b>	undecanedioic acid
<b>chemical name :</b>	dicarboxylic Acid, C11
<b>Appearance :</b>	white powder
<b>assay :</b>	min 97 %
<b>total acidity :</b>	min 99 %
<b>Moisture :</b>	max: 0,6 %
<b>Density :</b>	1,184
<b>Packing :</b>	bags, bigbags, drums, customized packaging

<b>Einecs :</b>	217-440-6
<b>CAS No. :</b>	1852-04-6
<b>Synonym :</b>	C11H22O2, n-Undecansäure
<b>General informations :</b>	Undecanedioic acid is used by SysKem Chemie in mixtures for the chemical industry.

Simplify your processes too: Let us mix undecanedioic acid for you with other components according to your formulations and fill it into packaging specified by you.

We fill undecanedioic acid for our customers in customer-specific packaging. From 1 kg to 1000 kg, everything is possible.

In order to guarantee a short-term and reliable supply of undecanedioic acid, we have agreed minimum quantities with our customers, which we then keep in stock. We would be glad to do this for you too.

The quality of our undecanedioic acid is regularly tested in our laboratory.

<b>Application :</b>	<p>Undecanedioic acid is used in the production of surface coatings and paints. It can be used in polymers, paints and varnishes as a component to improve material properties, such as adhesion to surfaces or resistance to environmental influences.</p> <p>Undecanedioic acid is used in anti-corrosion coatings to protect metal parts from corrosion and oxidation.</p> <p>Undecanedioic acid is used as a plasticiser in plastics to increase the flexibility and extensibility of the final product.</p> <p>The versatility of carboxylic acids allows them to be used in various areas of chemistry and industry. This includes, for example, the production of specialised chemicals, lubricants or other products.</p>
----------------------	---

**Label :** GHS07

**Product categories :** carbonic acid or carboxylic acid,

Version: 2024-02-26 09:32:10
